WORK HISTORY

Web Developer/Director of Web Development, 07/2019 to Current Precision Creative - Marietta, GA

- Led a team of developers, content creators, and graphic designers.
- Promoted to Director of Web Development after one year.
- Planned website development, converting mockups into usable websites with HTML, JavaScript, JQuery, CSS, SASS, HUBL, PHP, and MySQL.
- Built and maintained over one hundred websites.
- Overhauled the entire development process, transitioning the company from using prebuilt templates to building custom and scalable websites resulting in improved site speed, performance, and maintainability.
- Implemented a structured client onboarding and communication process, increasing customer satisfaction and shortening project turnaround times.
- Adhered to SEO best practices while developing sites.
- Reviewed code to ensure mobile responsiveness, scalability, browser/device compatibility, and security.
- Developed user-oriented visuals and features using front-end languages to increase site traffic.
- Delivered user support to clients including answering questions, training, and educating about their websites.
- Discussed site requirements with clients to produce clear and actionable development plans.
- Employed coding practices based on commonly accepted standards to establish site layout and user interface.
- Collaborated with in-house web designers to create sleek and innovative UI designs.
- Implemented content management and security resource tutorials to assist end-user training.
- Mentored and trained junior developers.

Project Manager/Developer , 01/2019 to 07/2019 Rockhopper Tech - Atlanta, GA

- Served primarily as project manager for a software development company with additional duties as a front-end developer.
- Responsible for ensuring application builds and software enhancements progressed as quickly as possible, while meeting customer requirements and budgetary constraints.

Web Developer – Contractor, 11/2018 to 07/2019 Hughes Media - Atlanta, GA
